Dear Dale:

This is in response to your February 10 correspondence regarding policy on the installation of Global Positioning System (GPS) devices in Postal Service vehicles.

City letter carriers working in delivery units where GPS devices are installed will be advised in advance of the installation and the vehicles receiving GPS devices. Currently, there is no nationwide implementation plan of GPS devices.

If you have any questions concerning this matter, please contact Robert McLean at (202) 268-7996.

Sincerely,

A handwritten signature in black ink, appearing to read "Alan S. Moore".
