Dear Patriot,

As the liberal smear machine continues to attack us, it is critical that we stay on the offensive! Maxine Waters, Andre Carson, Jimmy Hoffa, Jr., and the other corrupt advocates of big government are attacking us because they see that our policies are on the verge of taking a permanent hold. What we are about to accomplish with the Postal Reform Act is just the beginning.

As we approach a victory on overhauling the \$8.5 BILLION annual deficit of the United States [Post Office](#) (USPS), they know that these fiscally responsible policies will spread to other bloated government agencies. Together, we have taken a virtually unknown piece of legislation and forced it into the forefront of the national political agenda by sending more than 130,000 letters to elected representatives in Washington. If we can get the Postal Reform Act across the finish line, other bad fiscal policy (NPR, National Endowment For The Arts, Dept. of Education, EPA, etc.) will not be far behind.

In a last ditch attempt to deny us victory on the Postal Reform Act, the union hacks have offered a proposal that is unbelievably irresponsible. Their proposal would raid the pension accounts of [USPS](#) employees to subsidize the annual deficit. While the Tea Party is fighting to ensure that the hardworking men and women of the USPS and their families get the pension plans they agreed to, the corrupt union leaders and their lackeys in Congress seek to raid their retirement accounts to temporarily subsidize their unsustainable spending. The truth is that it is the Tea Party, not the union bosses, fighting to protect the working man.

We cannot let them steal this victory at the last moment! Yesterday, we mentioned this important legislation and only about 6,000 letters were sent. The victory is far from secure, WE MUST DO BETTER! Using our system, it will only take you a couple of minutes to contact your elected representatives and you are NOT required to make a contribution to participate. We know how busy you are but if you will sacrifice just a couple of minutes we can secure this critical victory that is so close! Even if you have already sent one batch of letters when we told you about this weeks ago, our system will allow you to do it again (once every 10 days). If you will [send your letters right now](#), we can easily send another 50,000 or 100,000 letters today. Don't rely on somebody else to do it--be the change you want to see in government! *You are not required to donate to use the petition system but a generous contribution makes it possible for us to continue to offer everyone this service free-of-charge.

Thank you,
