## Voluntary Retirement

- This seminar focuses on voluntary retirement or “regular” retirement based on age and service that starts immediately after separation.

Voluntary (optional/immediate) annuity eligibility:

Age	Years of Service
62	5
60	20
Minimum Retirement Age (MRA)	30

11

11

## Creditable Service for Eligibility

- For eligibility purposes, combine:
  - Time under FERS
  - Military service (if deposit made)
  - Non-career service (if deposit made)
  - **Subtract** LWOP in excess of six months in a calendar year

12

12

Federal Employees  
Retirement System

## Creditable Service – Sick Leave

- Sick leave balance at retirement is added to the length of service to calculate the amount of an immediate annuity
  - Unused sick leave counts towards annuity calculation but does not count towards eligibility
    - Potential pitfall – retiring before eligibility because you incorrectly counted sick leave could result in large and permanent reduction to annuity.

13

13

Federal Employees  
Retirement System

## Creditable Service – LWOP

- Cumulative leave without pay (LWOP) in excess of 6 months in a calendar year is not credited.
- In other words, the first six months of cumulative leave without pay per calendar year is credited.
  - Exceptions: All LWOP is credited if due to:
    - an on-the-job injury and wage loss compensation was paid by OWCP
    - full-time union official employment and union pays employer contributions
    - military furlough

14

14

Federal Employees  
Retirement System

## Creditable Service – Part-time

- In determining eligibility to retire, part-time service is creditable to the same extent as full-time service
- All part-time service is prorated for annuity calculation

15

15

Federal Employees  
Retirement System

## Crediting Military Service

- Must be:
  - Active duty
  - Discharged under honorable conditions
- Military retired pay must be waived unless it is based on:
  - A disability incurred in combat, or
  - National Guard service
- National Guard service is generally not creditable

16

16

Federal Employees  
Retirement System

## Crediting Military Service

- A deposit must be made for all military service performed after 1956 to receive credit for eligibility or towards annuity computation.
- Deposit must be completed prior to separation.
- Intermittent periods of military active duty, such as reservist activation, will be deducted from total service at retirement if no deposit was made.
  - Beware: such intermittent periods of service won't be flagged on your annuity estimate; without forewarning, this service time will be eliminated from your service record at retirement, when it's already too late to make deposit.

17

17

Federal Employees  
Retirement System

## Crediting Military Service

- Military deposit equals 3% of base military pay plus interest
  - Interest does not start to accrue for the first two years of civilian service
  - Alternative method under USERRA
    - Amount of deposit before interest is limited to the amount of civilian retirement deductions which would have been withheld

  - Years of Service
  - High-3 Average Salary

22

22

Federal Employees  
Retirement System

## Annuity Computation – Length of Service

### Years of Service – for annuity computation purposes

- Years under FERS, **PLUS**:
  - military service (if deposit made)
  - non-career federal service (if deposit made)
  - banked sick leave
- **MINUS** LWOP in excess of six months in a calendar year

23

23

Federal Employees  
Retirement System

## Annuity Computation – Length of Service

- Years of service
  - Length of service is rounded down to the nearest month. Days short of a month (30 days) are dropped from the total.
  - Example: 30 years, 2 months, and 17 days would result in 30 years and 2 months of service for computational purposes.

24

24

Federal Employees  
Retirement System

## Annuity Computation – High-3 Average Salary

- Highest three consecutive years of pay
  - Typically, last three years for letter carriers
- Base pay only
  - Does not include overtime, night differential, bonuses
- Nonpay status while on OWCP, union official, and periods of LWOP less than 6 months in a calendar year count
  - PS Form 50 payrate

**Federal Employees

## Annuity Computation - Factor

- 1.0% is the default factor
- 1.1% if at least age 62 with 20 or more years of service at retirement
  - This amounts to a 10% increase in the annuity
  - A trade off to retiring before 62 and receiving the Special Annuity Supplement
  - Potential pitfall: retiring right before age 62 with over 20 years of service. You don't get the extra 10% and you minimize receipt of the Special Annuity Supplement.

28

28

## Annuity Computation - Example

- 30 years total service, age 59
  - 1% x 30 years x High-3 = 30% of High-3 Average Salary
- 30 years total service, age 62
  - 1.1% x 30 years x High-3 = 33% of High-3 Average Salary

29

29

## Early (MRA + 10)

- Employee has MRA and at least 10 years of service but less than 30 (also does not have age 60 with  $\geq 20$  years of service) and begins receiving annuity before age 62.
- Age reduction of 5% for each full year under age 62.  
**PERMANENT.**
- **NO** Special Annuity Supplement.

30

30

Federal Employees Retirement System

## Special Annuity Supplement

- Intended to substitute for the Social Security part of the total FERS benefit until age 62
- Paid by OPM, not Social Security
- Subject to earnings test
- No Cost-of-Living Adjustments
- Ends at age 62 whether you start Social Security or not

31

31

Federal Employees Retirement System

## Special Annuity Supplement

- Eligibility
  - Must have at least one full calendar year of FERS service
  - Retiring voluntarily on an immediate annuity which is not reduced for age. At or after:
    - MRA with at least 30 years of service
    - Age 60 with at least 20 years of service
  - Not eligible if retiring age 62 or later

32

32

Federal Employees Retirement System

## Special Annuity Supplement

- Earnings Test
  - Earnings are wages, including self-employment.
    - Does not include investment gains, interest, pensions, TSP withdrawals, etc.
  - Must report earnings each year to OPM.
  - Exempt amount subject to change each year. Aligns with Social Security earnings limitation. Supplement is reduced by \$1 for each \$2 earned above the limit.
  - 2023 earnings limit is \$21,240.

33

33

Federal Employees Retirement System

## Special Annuity Supplement

- Estimating the supplement
  - Request an annuity estimate from the Postal Service (HRSSC)
    - Remember, this is just an estimate. OPM will determine exact amount upon retirement.
  - Manual estimate (ballpark estimate / last resort)
    - SS projected age 62 benefit  $\times$  years of FERS  $\div$  40

34

34

Federal Employees  
Retirement System

## Special Annuity Supplement

- Example estimate – using projected Social Security Age 62 benefit
  - Age 62 Social Security payment of \$1,815
  - 31 year under FERS
- $\$1,815 \times 31 \text{ years} \div 40 = \$1,406$
- This estimate is not the most accurate. OPM will determine the exact amount when they process your application.

35

35

Federal Employees  
Retirement System

## Maximum Annuity

- There is no maximum annuity under FERS

36

36

Federal Employees  
Retirement System

## Survivor Annuity

- Annuity will be reduced to provide a survivor annuity if:
  - Electing a survivor annuity for a spouse
  - A former spouse is entitled to a survivor annuity based on a valid court order
  - Electing to provide an insurable interest annuity
- Important: a surviving spouse can continue FEHB coverage after an annuitant's death **ONLY** if a survivor annuity election was made and the spouse was actively covered at the time of death.

37

37

Federal Employees  
Retirement System

## Survivor Annuity

- Cost
  - Full survivor annuity costs 10% of annuity
    - Provides a survivor annuity of 50%
  - Partial survivor annuity costs 5% of annuity
    - Provides a survivor annuity of 25%

38

38

Federal Employees Retirement System

## Survivor Annuity

- Death of an Active Employee
  - If employee has 18 months of creditable service, a survivor annuity is payable if:
    - Married for at least 9 months, or
    - The employee's death was accidental, or
    - There was a child born of the marriage

39

39

Federal Employees Retirement System

## Insurable Interest Annuity

- Insurable interest is an insurance term which applies to someone who would reasonably expect to derive financial benefit from your continued life.
- It is presumed to exist if you name as beneficiary of the insurable interest, any of the following individuals:
  - a spouse; a blood or adopted relative closer than first cousins; an ex-spouse; a person to whom you are engaged to be married; or a person with whom you are living in a relationship that would constitute a common-law marriage in a jurisdiction that recognizes common-law marriages.

40

40

Federal Employees Retirement System

## Insurable Interest Annuity

- If insurable interest annuity is for a person not just listed, affidavit required to provide additional information about relationship, and financial dependency.
- Cost increases based on age difference. From 10% annuity reduction to 40% when named person is 30 or more years younger.

41

41

Federal Employees Retirement System

## Cost of Living Adjustments

- COLAs
- Not applied under age 62
  - Exception for disability or survivor annuitants
- Annuitants that are not eligible to receive a COLA during their first year or more
  - The initial COLA after becoming eligible will be the full amount
- Otherwise, the first COLA is prorated

42

42

**FERS**

## Cost of Living Adjustments

If the change in the CPI-W is:	The COLA equals:
0 – 2 %	The CPI-W increase
2 – 3 %	2.0 %
Greater than 3 %	CPI-W increase <span style="color: red;">minus</span> 1%

**FERS**  
Federal Employees

## Enhanced Annuity

- Extra benefit for those injured on the job and receiving wage loss compensation (WLC) for at least two months total
  - While on WLC cannot contribute to Social Security or Thrift Savings Plan
  - Law passed in 2003 to offset these losses

44

44

Federal Employees Retirement System

## Enhanced Annuity

- Must have at least two months of LWOP while receiving WLC
- Continuation of Pay not included (still making TSP and Social Security contributions)
- No action required to receive the enhanced annuity
  - Should be automatic and will be built into gross annuity

45

45

Federal Employees Retirement System

## Enhanced Annuity

- Provides an additional one (1) percent per year towards annuity
- Example: 13 months of LWOP while receiving WLC is 1 and 1/12 or 1.083 percent in addition to the regular annuity computation

46

46

## Civil Service Retirement System

### CSRS Retirement:

The Old Faithful of Pension Plans

- CSRS
  - Effective 1920
  - A defined benefit plan – you get a guaranteed amount in retirement no matter what the stock market does
- The following slides will discuss the differences of CSRS from FERS.

47

47

## Eligibility

Immediate retirement eligibility:

Age	Service
55	30 years
60	20 years
62	5 years

48

48

## Creditable Service

- In determining eligibility to retire, part-time service is creditable to the same extent as full-time service
- Part-time service for annuity calculation:
  - Prior to 4/7/86 is treated same as full-time
  - On and after 4/7/86 is prorated

49

49

## Military Service

- Military Service prior to Jan. 1, 1957, is creditable for retirement eligibility and computation, without making deposit
- Military Service on or after Jan. 1, 1957, may be creditable based on various factors, including whether deposit has been made prior to separation

50

50

## Post-1956 Military Service

- If first employed under CSRS on or after 10/01/82
  - must make deposit to obtain credit for eligibility and calculation

51

51

## Post-1956 Military Service

- If first employed in a position covered by CSRS before 10/01/82:
  - If retiring prior to age 62, may receive credit without making deposit
    - If no deposit is made, annuity will be reduced at age 62, if the retiree is eligible for Social Security benefits; this is called "Catch 62". If the retiree is not eligible for Social Security benefits at age 62, there is no reduction in annuity.
  - If retiring on or after age 62, can receive credit for purposes of annuity calculation if eligible for Social Security benefits only if deposit was made
    - The military service may be creditable for establishing eligibility to retire even if no deposit is made.

52

52

## Military Service

- Cost of deposit
  - Military deposit equals 7% of base military pay plus interest
  - Interest does not start to accrue for the first 2 years of civilian service
- Full deposit must be made to USPS prior to separation
- Process:
  - Call USPS Shared Services (877) 477-3273 (option 5)
  - Complete Standard Form 2803A
  - Submit completed form with DD 214

53

53

## Crediting Non-Career Service

- Service prior to Oct. 1, 1982
  - Credited for eligibility and computation
    - but annuity reduced by 10% of amount of deposit due if deposit not made
- Service on or after Oct. 1, 1982
  - Credited for eligibility automatically
  - Credited for computation only if deposit is made

54

54

## Crediting Non-Career Service

- Cost of deposit
  - Generally, 7% of the basic pay of the non-career service, plus interest
- The process to make a deposit
  - Call USPS HRSSC (877) 477-3273 (option 5)
  - Complete SF 2803 *Application to Make Deposit or Redeposit*
- Deposit for non-career service can be made to USPS prior to separation or directly to OPM after separation.

55

55

## Annuity Calculation

- High-3 Average Salary multiplied by:
  - 1.5 % for each of the first 5 years
  - **PLUS** 1.75% for the next 5 years
  - **PLUS** 2% for each year over 10

56

56

## Annuity Calculation

- Example – 30 years total service
  - 1.5% x 5 = 7.5%
  - 1.75% x 5 = 8.75%
  - 2.0% x 20 = 40%
  - 7.5% + 8.75% + 40% = 56.25%
- Results in **56.25%** of High-3 Average Salary

57

57

## Maximum Annuity

- Maximum annuity is 80% of the high-3 average salary
  - Equivalent to 41 years and 11 months of service
- Maximum of 80% can be exceeded with sick leave credit
- Working beyond the maximum
  - Employee continues to make CSRS contributions, but they will be returned with interest after separation

58

58

## Survivor Annuity

- Full survivor annuity – 55% benefit
- Partial survivor annuity – can elect a base less than a full survivor annuity
- Cost depends on the base elected:
  - 2.5% of the first \$3,600 of the base
  - 10% of the amount in excess of \$3,600

59

59

## Retirement Dates

- Once you are eligible to retire, you have the absolute right to decide when to retire. There may be financial considerations:
- Under CSRS you can retire on the last day of the month or one of the first three days of a month and annuity commences the following day.
- Annual leave and sick leave are credited each pay period.
  - Not prorated if not employed for an entire pay period. That is why some decide to retire on the last day of a pay period.

60

60

## Cost of Living Adjustments

- Begins the first December after retirement
- First COLA will be prorated
- Equals the percent change in the Consumer Price Index (CPI-W)

61

61

## Health Benefits

62

## Federal Employees Health Benefit

- Information from the Office of Personnel Management
- [www.opm.gov](http://www.opm.gov)

63

## Federal Employees Health Benefit

- In order to carry your FEHB coverage into retirement, you must be eligible to retire on an immediate annuity (including the FERS MRA + 10 retirement); and
- **5-year rule:** You must have been continuously enrolled (or covered as a family member) in any FEHB plan(s) for the 5 years of service immediately before the date your annuity starts
  - or for the full period(s) of service since your first opportunity to enroll, if less than 5 years

64

## Federal Employees Health Benefit

The 5-year requirement period can include the following:

- the time you are covered as a family member under another person's FEHB enrollment; or
- the time you are covered under the Uniformed Services Health Benefits Program (also known as TRICARE) as long as you were covered under a FEHB enrollment at the time of your retirement.

NOTE: a surviving spouse can continue FEHB coverage after an annuitant's death only if a survivor election was made and the spouse was actively covered at the time of death.

65

65

## Federal Employees Health Benefit

- Deferred Retirement

- If you separated from Federal service before you could retire you are not eligible to enroll in FEHB when you start to receive your deferred annuity.

66

66

## Federal Employees Health Benefit

- Postponed Retirement
  - Only under FERS, if you are eligible for an immediate retirement at separation, you are eligible to reenroll for health benefits and life insurance coverage when you begin to receive your postponed annuity, if you were eligible to continue the coverage in retirement.

67

67

## Federal Employees Health Benefit

- Most letter carriers maintain FEHB coverage in retirement because USPS continues to pay a large share of the premiums (about 72%).
- Retirees have the same open season opportunities as active employees.

68

68

## Federal Employees Health Benefit

- Generally, decisions to drop FEHB coverage are irrevocable.
  - Certain circumstances permit *suspension* (as opposed to *termination*) of FEHB enrollment: enrolling in Medicare Advantage, TRICARE, CHAMPVA, or Medicaid.
- If you cancel your FEHB to be covered as a family member under another person's FEHB enrollment, you are eligible to reenroll if you lose coverage under the other person's enrollment as long as you were eligible to carry coverage at retirement. To reenroll, you must contact OPM within the period beginning 31 days before and ending 60 days after your loss of other FEHB coverage.

69

69

## Medicare Integration

- Postal Service Reform Act of 2022
  - Eliminated onerous prefunding of Retiree Health Benefits
  - Six-day delivery secured
  - Postal-only FEHB plans to integrate Medicare coverage

70

70

## Medicare Integration

- Choice to enroll in Medicare (or not):
  - Annuitants and active employees who retire before Jan. 1, 2025
  - Active employees at least 64 years of age as of Jan. 1, 2025
- Special Enrollment Period
- Everyone else will be required to enroll in Medicare Parts A and B if maintaining FEHB into retirement
- Approximately 80% of annuitants already choose to enroll in Part B

71

71

## Medicare Integration

- Special Enrollment Period
  - 6-month window beginning April 1, 2024
  - Allows those with a choice to enroll in Medicare Part B without penalty
- Health care is an important personal choice, consider:
  - How your health insurance interacts with Part B
  - Costs and benefits
  - You can't predict the future

72

72

Federal  
Employees  
Group Life  
Insurance  
(FEGLI)

73

73

## Federal Employees Group Life Insurance

- FEGLI is term life insurance. It does not build any cash value.
- There are no regularly scheduled open seasons to elect or increase FEGLI coverage. OPM schedules open seasons intermittently and rarely, and annuitants are not eligible (though certain compensationers are).
- FEGLI Handbook:

74

74

## Federal Employees Group Life Insurance

- In order to carry any FEGLI coverage into retirement, you must have been covered for the five years prior to retirement
- Annuitants can reduce or cancel FEGLI coverage at any time
- If annuitant elects to reduce or cancel any part of FEGLI coverage, the election is irrevocable
- Annuitants cannot increase coverage, even during open season

75

75

## Federal Employees Group Life Insurance

- Basic - Final salary rounded up to nearest 1,000 plus \$2,000
- Option A - Straight \$10,000.

76

76

## Federal Employees Group Life Insurance

  - No Reduction – payout remains the same. Premiums increase with age for life unless annuitant switches to 75% reduction.

77

77

## Federal Employees Group Life Insurance

- Option A - \$10,000 benefit
  - The amount of Option A coverage automatically begins reducing at age 65, or retirement, if later.
  - The amount of coverage reduces by 2% (\$200) each month until the amount has been reduced by 75%. Only 25% of the original amount (\$2,500) is payable as a death benefit once the full reduction has been reached. **No premiums once it starts to reduce.**
  - There is no election other than whether to keep it.

- An Employee Thrift Advisory Council (ETAC) provides advice to the Board on investment policies and administration of the TSP.

84

84

## Thrift Savings Plan

## Thrift Savings Plan

When you retire with a significant TSP balance, a host of financial planners, insurance salesmen, stockbrokers, bankers, hedge-fund operators, and the like are going to be very interested in that balance. They will try and convince you to take your money out of the TSP and invest it with them.

87

87

## Thrift Savings Plan

- What is the average net expense I will pay for every \$1,000 I invest?
- What additional annual fees, commissions, or charges will I pay for investments?
- What profit do you make if I invest with you?
- Do you have a responsibility (fiduciary obligation) to put my interests ahead of your own?
- Will your plan protect my retirement from creditors' claims?
- When I retire, can I receive a series of scheduled withdrawals without giving up control of my account?
- Can I change my investments or take withdrawals without being subject to surrender fees or back-end charges?

88

88

## Thrift Savings Plan

- It costs money to operate any financial investment fund. A standard way to measure such costs to look at expense ratios.
- The total expense ratio for TSP funds range from 0.043% to 0.059%.
- Compare that with the average Net Expense Ratio of for-profit actively managed mutual funds of about 1.5 percent, or \$15 per \$1,000.
- Thus, on average, a private investment fund would cost \$3,000 per year, versus TSP costing \$116 per year on an account balance of \$200,000.

89

89

## Thrift Savings Plan

- Age 59 ½ early withdrawal penalty
- If you receive a TSP withdrawal payment before you reach age 59 ½, in addition to the regular income tax, you may have to pay an early withdrawal penalty tax equal to 10% of any taxable portion of the payment that is not transferred or rolled over.
- However, if you separate from service during or after the year you reach age 55, then the 10% early withdrawal penalty tax does not apply.

90

90

## Thrift Savings Plan

- After separation you can:
  - leave your money in the TSP
  - transfer eligible money into your TSP (e.g., IRA)
  - continue to accrue earnings on your account
  - change your investment choices
- Cannot make contributions

91

91

## Thrift Savings Plan

- After separation, there are three basic withdrawal options:
  - Installment payments
    - Monthly, quarterly, or annual
    - Fixed dollar amount or based on life expectancy
  - Partial or total distributions
  - Annuity purchases
- You can choose any of these options or any combination
- Withdrawals are subject to federal income tax

92

92

## Thrift Savings Plan

- Required Minimum Distribution (RMD)
  - IRS requires RMDs beginning in the calendar year when you become age 73 (if you reach 73 in 2023 or later) and are separated from service.
  - If you do not start withdrawing by age 73 or the total amount of your withdrawals does not satisfy the RMD, TSP will disburse your RMD or issue a supplemental payment for the remaining amount of your RMD by the deadline each year.
  - If they automatically send you an RMD and you have both traditional and Roth balances, the RMD will be proportional from each balance.

93

93

## Thrift Savings Plan

- After you separate from service, you can take multiple post-separation partial withdrawals.
- You'll be able to choose whether your withdrawal should come from your Roth balance, your traditional balance, or a proportional mix of both.
- You'll be able stop, start, or make changes to your installment payments at any time.
- You'll have enhanced online tools to help you make withdrawals in the My Account section of tsp.gov.

94

94

## Thrift Savings Plan

You can purchase a life annuity (a monthly benefit paid to you for life)

- Single life annuity – with level or increasing payments
- Joint life annuity with your spouse – with level or increasing payments, and with 100% or 50% survivor annuity
- Joint life annuity with someone other than your spouse – with level payments, and with 100% or 50% survivor annuity
  - If joint annuitant other than your spouse is more than 10 years younger than you, you must choose a 50% survivor benefit, except in cases of former spouse court order

## Social Security Administration

- To create your own social security account online and get your estimate, go to:
  - <https://www.ssa.gov/myaccount/>

97

97

## Social Security Administration

- Can start receiving partial benefits as early as age 62.
- Full benefits at Full Retirement Age (FRA).
- If you start receiving early, your benefits will be reduced a small percent for each month before FRA.
- Example – if you retire at 62 your benefit would be approximately 25% lower than if you waited until FRA.

98

98

## Social Security Administration

- FRA depends on year of birth

Age	Year of birth
66	1943 – 1954
66 and 2 months	1955
66 and 4 months	1956
66 and 6 months	1957
66 and 8 months	1958
66 and 10 months	1959
67	1960 and after

99

99

## Social Security Administration

- You may choose to keep working beyond your FRA. If so, you can increase your future Social Security benefits in two ways:
  - Each extra year of work adds another year of earnings to your Social Security record.
  - Your benefit will increase automatically by a certain percentage from the time you reach your full retirement age until you start receiving your benefits or until you reach age 70. The percentage varies depending on your year of birth.
- For example, if you were born in 1943 or later, you'll add 8 percent a year to your benefit for each year you delay signing up for Social Security beyond your full retirement age.

100

100

## Social Security Administration

- Earnings limitation – You can continue to work and still get retirement benefits. Social Security will reduce your benefits if your earnings exceed certain limits before you reach full retirement age:
  - The years before your FRA – SSA will deduct \$1 in benefits for each \$2 you earn above the annual limit (\$21,240 for 2023).
  - In the calendar year you reach your FRA – SSA will reduce your benefits \$1 for every \$3 you earn over an annual limit (\$56,520 for 2023) until the month you reach full retirement age.
  - Once you reach full retirement age, you can keep working and your benefit won't be reduced no matter how much you earn.

## Best day to retire

- Once you are eligible to retire, you have the absolute right to decide when to retire. There may be financial considerations:
  - Entitlement to FERS annuity begins the first day of the month following the month in which you retire. Therefore, many letter carriers decide to retire the last day of a month.
  - Annual leave and sick leave are not credited if an employee does not remain employed for an entire pay period, so some decide to retire last day of a pay period to receive the leave.
  - Big picture: any day that ends in 'Y' is a good day to retire.

## Request an Application

- Call HRSSC (877) 477-3273 and ask for a retirement application.
  - It includes the necessary forms, each pre-printed at the top with your name and Employee Identification Number.
  - Formerly known as the 'Blue Book' - now with a white cover
- When you receive the packet, call HRSSC back to schedule counseling.

107

107

## Military Deposit

- Deposit for military time, unlike deposit for prior non-career federal service, must be completed prior to retirement.

108

108

## Flexible Spending Account (FSA)

- Your period of participation ends the day after you retire.
  - You may file a claim for the expenses of services or items that were received prior to the day after your retirement.
  - Any services or items provided after your retirement date are not eligible for payment.
- Claims for reimbursement of services or items received while still employed may be made until September 30 of the following year.
- If you used your entire elected amount before it has been deducted from your pay, you will not be responsible for the remaining allotments.

109

109

## Uniforms

- Payment to the vendor is not allowed if the following conditions exist:
  - The employee separates from the uniform program for any reason, including retirement, within 30 days following purchase of items of uniform wear that are not recognizable as distinctive uniform items unless worn with the basic outer garments of the uniform.
    - Nondistinctive items: shoes, gloves, rubbers, galoshes, overboots, hose, face masks, pith helmets, and belts.
  - When there is evidence that, before making the purchase, the employee indicated an intention to separate from the uniform program for any reason, including retirement...
- See Employee and Labor Relations Manual Section 936.2

110

110

## Official Personnel Folder

- Official Personnel Folders (OPFs) contain important documents such as:
  - Health Benefits Program Registration
  - FEGLI Enrollment forms
  - Designations of Beneficiary
  - Form 50 history
- Before you retire, save your eOPF. You will lose access immediately upon separation.
  - You will not be able to retrieve documents from USPS after separation.
- Problems can arise with retirement that can be resolved easily if the retiree has these documents.

111

111

## Retirement Counseling

- Call USPS HRSSC and request a phone counseling session.
- Session is on the clock if scheduled during tour of employee.
- You have a right to have your spouse and/or advisor present at the session.
  - If the spouse/advisor is also a postal employee, they do not have a right to be on the clock.
- You have a right to a private space for the session.
- M-01708 in NALC's Materials Reference System.

112

112

## Complete the Forms

- The forms in the application book are preprinted with your name and employee ID number, which will help ensure efficient and problem-free processing.
- Copy the forms so that a blank form is always available. Some of the forms are not valid if erasures, whiteouts or corrections are made.
- Utilize the retirement counseling if you have questions about the forms.
- Make copies of the completed forms for your records.

113

113

## Certified Summary of Federal Service

- Certified Summary of Federal Service
  - SF 3107-1 (FERS)
  - SF 2801-1 (CSRS)
- This form will come blank. However, the form clearly asks you to review the information after the employing office completes and certifies the form. You are not required to sign this form (blank or completed).
- If you request the Postal Service complete the form so that you can review it, and they refuse, talk to your shop steward. They can initiate a grievance prior to your separation. It doesn't have to stop you from retiring. In this event, shop stewards should consult with the Retirement Department.

114

114

## Submit the Application

- Send the completed forms to HRSSC / USPS. Ideally 60 days prior to separation.
- After your last day, USPS will finalize their portion and send to OPM.
- OPM will send you a CSA number and begin interim payments, usually without delay.
- OPM makes annuity payments the first business day of the month. The payment is for the preceding month.

115

115

## Interim Payments

- While OPM processes your application and calculates your benefit, they will begin making interim payments
  - Computed at about 80% of estimated (net) annuity
  - Only federal income taxes are withheld
- OPM will finalize your application
  - Typically takes 2-3 months
  - Begin paying your exact benefit with appropriate deductions
  - Will account for any back pay due to the interim payments

  - any unused donated leave
  - holidays that fall within the terminal leave period (for FTRs and PTRs)
- Leave in excess of the carryover will be forfeited
  - Any part of the unused AL earned during the leave year of separation that is in excess of the carryover is granted prior to separation. AL would need to be requested. See ELM 512.732b

118

118

## Direct Deposit

- OPM requires direct deposit of monthly annuity
- Deposit can be to an account at a financial institution such as a credit union or bank
- Or deposit can be to a Direct Express Card
  - Can be used to make purchases at stores or financial institutions that accept MasterCard. There are no fees for the deposit into the card each month, and no charge for using the card to make purchases.
  - Go to [www.GoDirect.gov](http://www.GoDirect.gov) for information about fees and the surcharge free network.

119

119

## Post-Retirement Debt Collection

- If you receive notice from USPS after separation that you owe money, immediately contact your branch and your NBA office. Two ways to appeal:
  - 30-day time limit to appeal through the Debt Collection Act which requires USPS to provide appeal rights.
  - Or file a grievance which must be received at Step B within 30 days from the date the retiree first learned, or may reasonably have been expected to have learned, of the Postal Service's intent to collect the debt.
- If you do not timely appeal (or pay/make a payment plan), USPS will advise the U.S. Treasury, which will deduct the debt from your retirement, income tax, social security, etc., without any appeal rights. Treasury will add interest and penalties.
